A Reconstructionist Approach to Education

We view Judaism as an evolving civilization.

We respect and teach both religion and culture.

Tikkun Olam or 'Repairing the world' is a very important part of our curriculum.

OUR EDUCATIONAL PHILOSOPHY

HONEY ON THE LETTERS

We emphasize students' enjoyment of the learning experience through interactive, fun and creative activities.

JEWISH LEARNING FOR JEWISH LIVING

Students learn about ethics, prayer, texts, tradition and culture so that they will be equipped to "live Jewishly" and participate in all aspects of Jewish life.

TO EACH HIS OR HER OWN PATH

We teach with the understanding that students learn in diverse ways and that each will find different interests within the Jewish tradition. We encourage students to develop their own voices and to explore what is meaningful to them.

We are proud to offer a teaching staff that combines experience with fresh approaches and enthusiasm. We work as a team and view the school as one community. We keep class sizes small so we can consider every student on an individual basis.
